Bula Wellness,

We decided to book Jodi for a corporate acupuncture session and couldn't have been more pleased with our experience. We wanted something different, yet something that was fun and relaxing at the same time.

She was extremely professional, friendly, and such a fun character! She even joined our company picture round!! How fun was that!! She explained the process, addressed concerns, and it was nothing but relaxing. The group was talking about the experience for days and were very excited to try out something new.

If it were up to us, we'd book Jodi to come start our company meetings all the time!!

Warm regards,

Joseph McDermott
President/CEO
